Project Purpose

The purpose of the Heber Valley Corridor Project is to improve regional and local mobility on US-40 from SR-32 to US-189 and provide opportunity for non-motorized transportation while allowing Heber City to meet their vision for the historical town center.

Alternatives Development Initial Concepts

- No-action
- 17 action alternatives
 - 6 US-40 alternatives (500 North to 1200 South)
 - 3 east bypass
 - 7 west bypass
 - Transit

Alternative Concepts Themes

- East bypass has never been planned
- East bypass impacts neighborhoods and is not safe for kids walking to school
- West side is much less developed (fewer homes and schools)
- Something needs to be done about congestion
- Congestion on Main Street better than impacting neighborhoods
- North fields are treasured, don't impact them
- Concern for impacts to natural resources (wetlands, creeks, aquifer, wildlife, viewshed).
- Development will continue to the north—the bypass should tie in at SR-32

Alternatives Development New Concepts

- Improvements to north US-40
- One-way-couplet on 100 East
- West Bypass
 - Extend bypass to connect to US-40 near SR-32
 - Southern extension for west bypass (through Daniel)
 - Turbo roundabout with 1300 South extension

Screening Process and Criteria

ALTERNATIVES SCREENING PROCESS Define Study Area Develop Conceptual Alternatives Preliminary Evaluation of Concept/Alternatives Level 1 Screening: Purpose and Need Preliminary Engineering Level 2 Screening: Environmental and Regulatory Impacts Current Refine Engineering Phase Detailed Alternatives Evaluation in the

LEVEL 1 SCREENING CRITERIA - PURPOSE AND NEED

Criteria	Measure
Improve regional and local mobility on U.S. 40 through 2050	 Improve arterial and intersection Level of Service (LOS) on US-40 Substantially decrease thru-traffic travel time Substantially decrease queue length along US-40 Minimize conflicts to north-south mobility for thru-traffic
Provide opportunities for non-motorized transportation	 Provide opportunities for non-motorized transportation consistent with local and regional planning documents
Allow Heber City to meet their vision for the historic town center	 Avoid/minimize impacts to valued places and historic buildings on Main Street Avoid improvements that would preclude Heber City from implementing strategies to achieve their vision for Main Street (wide sidewalks, bike lanes, landscaping, reduced speed limit)

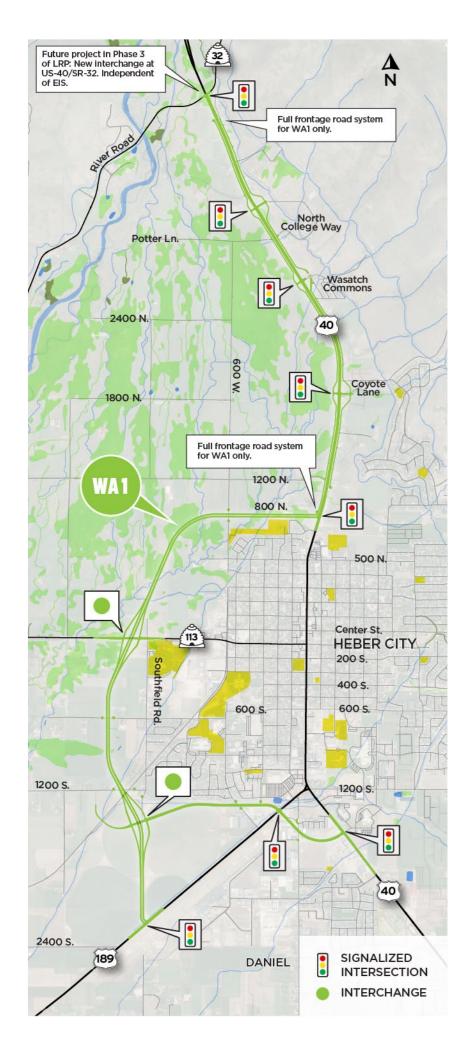

LEVEL 2 SCREENING CRITERIA - IMPACTS

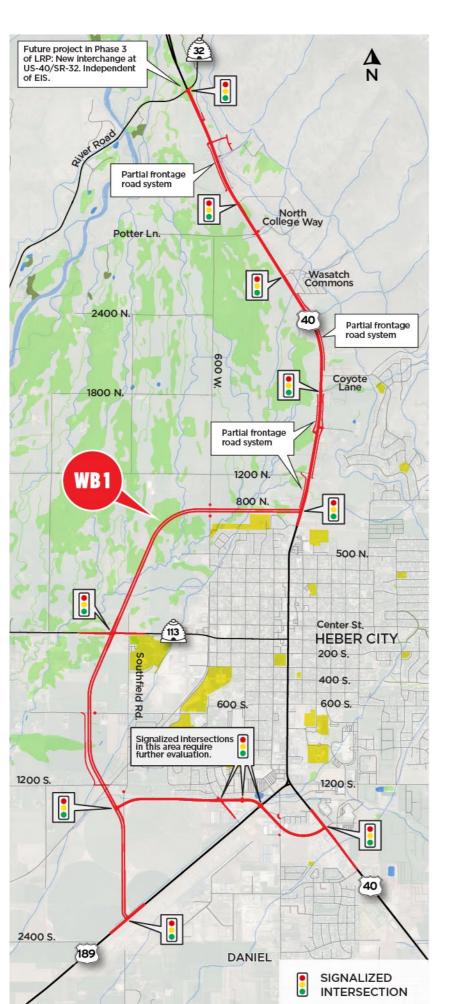

Criteria	Measure
Waters of the U.S.	 Acres and types of wetlands and other waters of the U.S. affected Linear feet of ditches and creeks affected
Section 4(f) Resources	 Number of Section 4(f) historic properties affected Number of Section 4(f) recreation resources affected
Right-of-way	 Number of full property acquisitions and relocations (commercial and residential) Number of partial property acquisitions
\$ Cost	 Alternatives cost compared to other alternatives (alternatives would not be eliminated based on cost unless they are an order of magnitude greater)

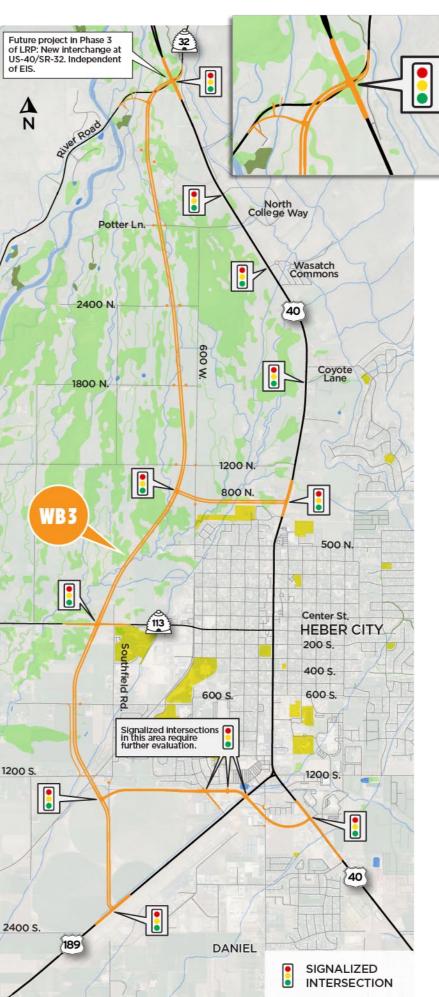

Alternatives Carried Forward to Draft EIS

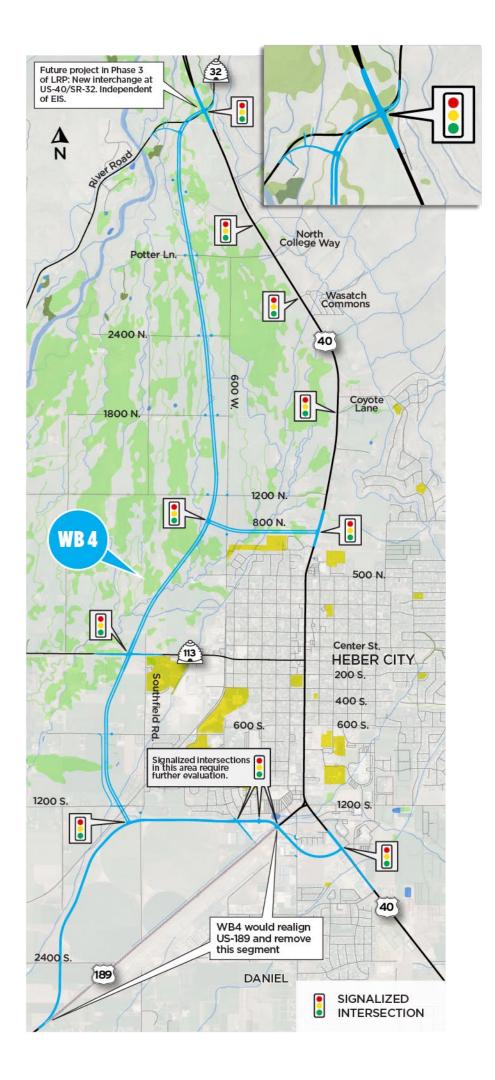

Alternative Impact Summary

	Level 1 Screening							Level 2 Screening				
		Local Mobility PM peak hour operations (5-6pm) on Heber City Main Street				Regional Mobility Traffic operations between SR-32 and US-189		1 53			\$	/
ALTERNATIVE	niiiiainac	Intersections with LOS F Five intersections on US-40 in downtown Heber City	Southbound Segments with LOS F	Southbound Queue Length at 500 North (feet)	Local Travel Time on US-40 SR-32 to US-189/US-40 intersection (m:s)	Regional Travel Time on Bypass SR-32 to US-189/ 3000 South (m:s)	Conflict Points Intersections, cross streets, driveways	Waters of the U.S. (Acres impacted) Canals, ditches perennial streams, wetlands	Historic Buildings (#) Potential adverse effects	Residences and Businesses (#) Potential full acquisitions	Cost (millions) High level project cost estimate	Recommended for detailed evaluation in Draft EIS
US-40 Existing Conditions (2019)	No	0	2	375	8:20	10:40 (on US-40)	144	-	-	-	-	-
US-40 No-Action (2050)	No	3	2	13,100	17:40	19:05 (on US-40)	152-157	-	-	-	-	Yes
West Bypass Limited-Access Grade-Separated (WA1) Freeway with North US-40 (WA1)	Yes	0	1	1,600	11:05	9:10	16	8.84	8	18	\$234M	Yes
West Bypass Parkway At-Grade (WB1) Highway with North US-40 (WB1)	Yes	0	1	1,500	11:00	10:25	26-35	6.55	8	17	\$173M	Yes
West Bypass Parkway At-Grade with Realigned US-189 (WB2) Highway with North US-40 and Realigned US-189 (WB2)	Yes	0	0	400	9:30	10:05	27-36	6.55	8	18	\$179M	Yes
West Bypass Parkway At-Grade with Northern Extension (WB3) Highway to SR-32 (WB3)	Yes	0	0	375	8:55	8:10	12	12.35	1	8	\$191M	Yes
West Bypass Parkway At-Grade with Northern Extension and Realigned US-189 (WB4) Highway to SR-32 and Realigned US-189 (WB4)	Yes	0	1	400	8:55	7:45	12	12.48	1	9	\$197M	Yes
